

God is like...

God is a great mystery. He is greater than all the images and thoughts we can imagine about him. Images can help us to understand individual characteristics of him.

Look at the individual pictures below and consider how these characteristics describe God. Write your ideas on the blank lines.

P.S. There are several possible solutions. You will find only one suggestion for each picture on the solution sheet, but if you have another idea, just discuss it with your family/friends, etc.

God is like a castle. **He protects me like the strong walls of a castle.**

God is like water.

God is like a good shepherd.

God is like fire.

God is like...

God is like a just king.

God is like gold.

God is like a rainbow.

God is like the wind.
