

Images of God

The people of God have passed on their experiences with the living God from generation to generation. Help Bob and Lily find out which statements about God are right and which are wrong.

Step 1: Print this page (A4). **Step 2:** Read all texts and think about which statements about God are correct. **Step 3:** Cut out all of the correct statements. **Step 4:** Stick the speech bubbles on the attached blank sheet.

God is mighty. He is the creator of the whole world.

God is just watching us so that he can discover our faults and punish us.

God wants to come into contact with us and make himself felt in our hearts.

God cannot live without our applause and praise.

God is greater than any images or thoughts about him.

God is faithful. He never leaves us alone and helps us in every situation in life.

God is only interested in the concerns of the great and powerful.

God is far away. He is not interested in what happens in this world.

God loves all people equally, without exception.

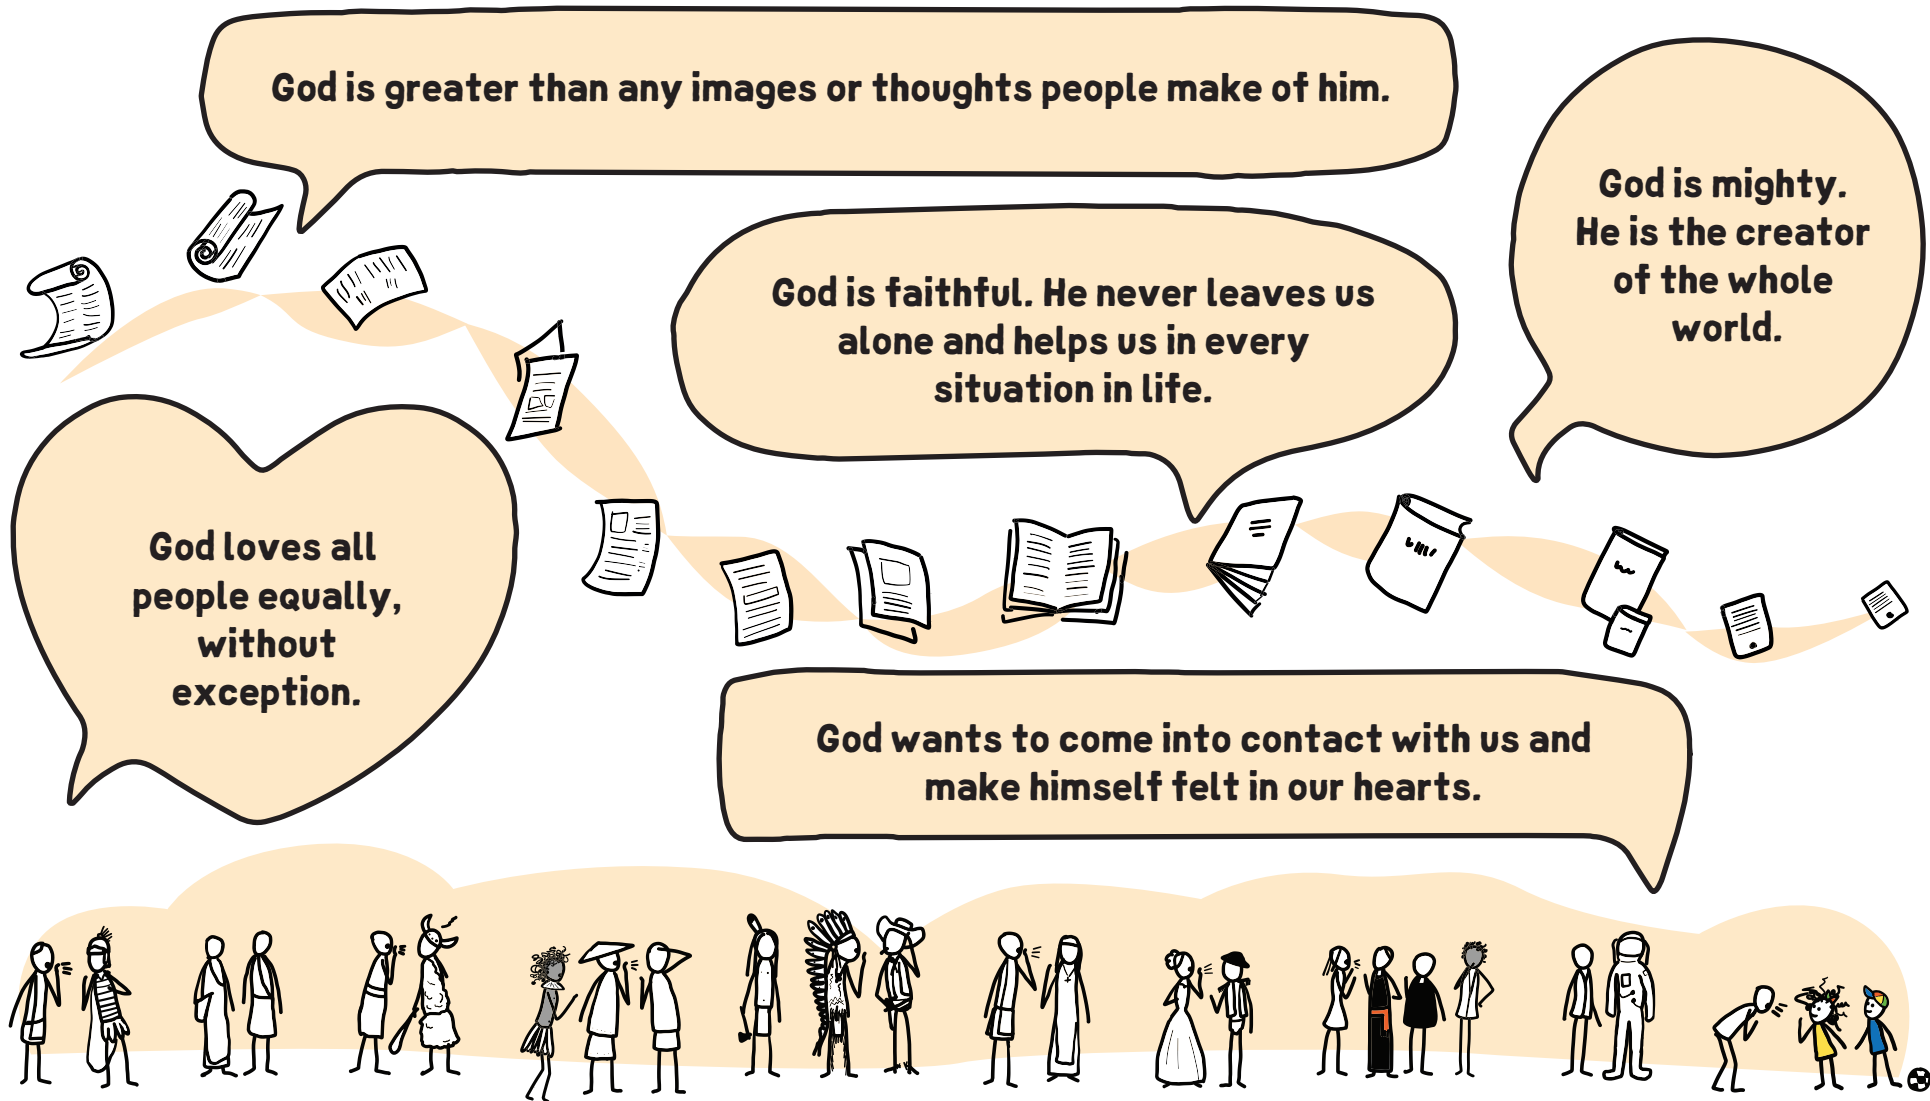

God is offended if we do not do what He wants.

Solution

P.S. If you like, you can also play Whispers with the sentences from this speech bubbles. You will need at least four other players. Make a circle. One player chooses a sentence and whispers it into his neighbour's ear. The neighbour in turn passes on what he has understood to his neighbour, and so it goes around in a circle. Finally, the last player in the circle says aloud what he has understood. Then the first player repeats his original sentence out loud. Then the next player can start with a new sentence.
